

Bullet Points:

- 1、 15W high power call distance is farther.
- 2、 VOX voice control Release your hands.
- 3、 1-128 signal storage.
- 4、 12000 mAh large capacity battery.
- 5、 Digital display, which can display battery storage capacity and 128 channels, let you know your walkie-talkie anytime, anywhere.

Features:

- 1.15W high power call distance is farther.
- 2.VOX voice control Release your hands.
- 3.1-128 signal storage.
- 4.12000 mAh large capacity battery.
5. Digital display, which can display battery storage capacity and 128 channels, let you know your walkie-talkie anytime, anywhere.
6. Write frequency encryption, which can protect your frequency and sub-audio data from being known by others, effectively protecting your and your customers' data.

Specifications::

Use distance: 2-8 km

Standby time: 240 hours

Battery capacity: 12000 mAh

Features: 128CH, high power

Weight: Approx.235g

Size: Approx.111*53*29mm

Frequency range: 400.000-480.000

Working voltage: 7.4V

Product List:

- 1* two-way radio
- 1* charging stand
- 1* battery
- 1* back clip
- 1* antenna

1* lanyard
